

SARISBURY CHURCH OF ENGLAND JUNIOR SCHOOL

HEALTH AND SAFETY POLICY April 2017

H&S Policy Review: – April 2017

Policy approved for review by: Andrew Stockton Headteacher

Signed: *A. J. Stockton* Andrew Stockton Headteacher

Statement of Intent

It is the policy of Sarisbury Church of England Junior School to carry out activities in such a way as to ensure so far as reasonably practicable, the health, safety and welfare of our employees and all persons likely to be affected by our activities, including the general public where appropriate. The school will take all reasonable steps to meet this responsibility and will cooperate and co-ordinate with partners, contractors, sub-contractors, employers, HCC departments and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

Our aims are to:

Provide and maintain a safe and healthy working environment ensuring the welfare of all persons

Maintain control of health and safety risks arising from our activities

Comply with statutory requirements as a minimum standard of safety

Consult with all staff on matters affecting their health, safety and welfare

Provide and maintain safe systems, equipment and machinery

Ensure safe handling, storage and use of substances

Provide appropriate information, instruction and supervision for everyone

Ensure staff are suitably trained and competent to do their work safely

Continually develop a safety culture to remove or reduce the possibility of accidents, injuries and ill-health

Assess risks, record significant findings and monitor safety arrangements

Review and revise safety policies and procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements

Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters

Our health and safety management system has been developed to ensure that the above commitments can be met. All staff and governors will be instrumental in its implementation.

Organisation

The overall responsibility for health and safety at Sarisbury CE Junior School is held by Hampshire County Council who will: -

- Ensure that health and safety has a high profile
- Ensure adequate resources for health and safety are made available
- Consult staff regarding suitable health and safety training opportunities
- Monitor and review health and safety arrangements
(refer to Role of the Governing Body on page 14 of this policy)

Responsible Manager:

The responsible manager for the premises is Andrew Stockton, the Headteacher, who will act to: -

- Develop a safety culture throughout the school
- Consult staff and provide information, training and instruction so that personnel are able to perform their various tasks safely and effectively
- Assess and control risk as part of the day-to-day management of the school
- Ensure staff are aware of their responsibilities
- Ensure a safe and healthy environment and provide suitable welfare facilities
- Make operational decisions regarding health and safety
- Ensure that periodic safety tours and inspections are carried out

- Ensure significant hazards are assessed and suitable arrangements are made to remove or reduce the risks
- Ensure staff are aware of their health and safety responsibilities
- Update governing bodies / partners
- Produce, monitor and review all local safety policies and procedures

All staff (including volunteers)

All staff have a statutory obligation to co-operate with the requirements of this policy and to take care of their own health and safety and that of others affected by their activities by:

- Supporting the school's health and safety arrangements
- Ensuring their own work area remains safe at all times
- Not interfering with health and safety arrangements or misusing equipment
- Complying with safety procedures, whether written or verbally advised for their own protection or the protection of those under their supervision and others who may be affected by their actions
- Reporting safety concerns to their staff representative or other appropriate person
- Reporting any incident that has led, or could have led, to damage or inquiry
- Assisting in investigations due to accidents, dangerous occurrences or near-misses
- Not acting or omitting to act in any way that may cause harm or ill health to others

Specific health and safety responsibilities of individuals are as follows:

Caretaker/Site Manager

The caretaker/site manager is responsible for undertaking a wide range of typical health and safety related duties on behalf of, and under the direction of the responsible manager. He/she is to work within the parameters of any provided training and in accordance with risk assessments and the on-site safe working practices. He/she is to work within their level of competence and seek appropriate guidance and direction from the headteacher/responsible manager and/or the Children's Services Health & Safety Team as required.

On-Site Health & Safety Co-ordinator/Officer (*Headteacher*)

The on-site health & safety officer/co-ordinator to the school premises will manage, advise and co-ordinate local safety matters on behalf of, and under the direction of the responsible manager. He/she is to work within their level of competence and seek appropriate guidance and direction from the responsible manager/headteacher and/or the Children's Services Health & Safety Team as required.

All Teachers & Supervisors

The responsibility of applying local safety procedures on a day-to-day basis rests with the teachers and supervisors. Where any new process or operation is introduced in the area of their responsibility, they are to liaise appropriately so that the associated risks are assessed and any precautions deemed necessary are implemented. They are to ensure that all new members of staff under their control are instructed in their own individual responsibilities with regards to health and safety, and they will appropriately monitor those new staff. They are to make periodic inspections of their areas of responsibility, taking prompt remedial action where necessary to control risk.

Safety Committee (*Finance and Resources Committee*)

The purpose of the safety committee is to assist in the assessment of safety related matters and provide appropriate support to the responsible manager/headteacher. The safety committee is to periodically meet to monitor and discuss on-site health and safety performance, and recommend any actions necessary should this performance appear or prove to be unsatisfactory. Safety committee staff will be kept informed of all changes in practices and procedures, new guidance, accidents, incidents and risk related matters.

The safety committee consists of governors and the Headteacher and they meet termly.

Fire Safety Co-ordinator

The Headteacher is the fire safety co-ordinator who is the competent person for fire safety on the premises and acts on behalf of the responsible manager. He/she is to attend the fire safety co-ordinator training course and refresh this training every three years. The fire safety co-ordinator is responsible for the local management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual.

The fire safety co-ordinator is to work within their level of competence and seek appropriate guidance and direction from the responsible manager/headteacher and/or the Children's Services Health & Safety Team as required.

Health & Safety Representative (*Assistant Headteacher & nominated Year Leader*)

The premises health and safety representative (whether a member of staff who is union appointed, or non-union and locally nominated) will represent the staff with regard to their health and safety at work. He/she is expected to promote a positive safety culture throughout the premises and carry out the health and safety duties appropriate to their role in accordance with current guidance and legislative requirements.

Legionella Competent Person

The Caretaker / Site Manager is the nominated competent person for Legionella on the premises and acts on behalf of the responsible manager/headteacher to provide the necessary competence to enable Legionella to be managed safely. He/she is to annually complete the Legionella e-learning course and all training records are to be retained.

The Legionella competent person will ensure that all periodic and exceptional recording, flushing, cleaning and general Legionella management tasks are correctly completed and recorded in accordance with departmental and corporate requirements. He/she will advise the responsible manager/headteacher of any condition or situation relating to Legionella which may affect the safety of any premises users. He/she is to work within their level of competence and seek appropriate guidance and direction from the responsible manager/headteacher and/or the Children's Services Health & Safety Team as required.

Key Personnel (Specific Areas of Responsibility)

Title	Name	Responsibility
Headteacher	Mr. A. Stockton	Overall responsibility for implementation of the policy. Liaison with Health and Safety Rep. to ensure safe school environment. To instigate regular reviews of the policy. Child Protection Liaison Officer Fire Safety Co-ordinator Representative for Looked After Children
Health and Safety Advisors	Mrs. R. Bleeck Mrs. L. Hart	Representation of staff on all matters of Health and Safety Investigation of potential hazards and examination of causes of accidents. Liaison with Head and other named personnel to ensure a safe school environment.

First Aiders	Mrs. L Leon	First Aid at Work
Caretaker	Mrs. J. Adnitt	School Environment Legionella Testing Asbestos Management
Equipment Managers	Mrs. J. Adnitt	Cleaning Equipment. Electrical Equipment.
Environment Managers	Mrs. J. Adnitt Mrs. J. Adnitt	Furniture and Fittings. Buildings and Electrical Items.
Health & Safety Governors	Mr Rob Rees	Oversees policy and procedures and undertakes checks as detailed in the H&S policy
Safeguarding Governor	Mrs Tanya Culley	

Curriculum leaders are responsible for equipment and other items in their own curriculum areas. There are safety policies for the following curriculum areas: -

- Art & craft
- DT (including Food Technology)
- Science
- PE / Games
- ICT
- Music
- Adventurous activities

Copies of these may be obtained from the Health and Safety Representatives. Subject managers will include a summary of safety issues within curriculum policies as appropriate. The following arrangements for health and safety have been drawn up following assessments of risk in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for Sarisbury CE Junior School and are to be used with the school's procedures and policies as listed at the appendices.

In carrying out their normal functions, it is the duty of all managers and employees to do everything possible to prevent injury & ill-health to others. This will be achieved so far as is reasonably possible by the implementation of these arrangements and procedures.

General arrangements can be summarised as follows:

- Providing and maintaining safe equipment and safe systems of work
- Making arrangements to ensure the safe use, handling, storage and transportation of materials, substances and other articles
- Providing adequate information, instruction, training and supervision to ensure all personnel are aware of their responsibilities & how to carry out their duties safely
- Providing safe places to work with safe access to and exit from them
- Providing a healthy and safe working environment with adequate welfare facilities
- Providing a system for rapidly identifying and effectively dealing with hazards
- Implementing control measures to reduce risks to as low as reasonably practicable
- Providing suitable personal protective equipment (PPE) & clothing where hazardous conditions cannot be eliminated and where PPE is assessed to be the last resort

All personnel have a statutory duty to co-operate in fulfilling the objectives of the school as detailed in the Statement of Intent. Everyone has a personal responsibility to take reasonable care to ensure that their actions do not cause injury to themselves or to others.

Employees are required to observe special rules and safe working methods that apply to their own work and to report hazards discovered by them immediately upon discovery.

Arrangements

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for Sarisbury CE Junior School and are to be used alongside other current school procedures & policies.

In carrying out their normal functions, it is the duty of all managers and staff to act and do everything possible to prevent injury and ill-health to others. This will be achieved in so far as is reasonably practicable, by the implementation of these arrangements and procedures.

Accident/Incident Reporting & Investigation

The on-site management, reporting and investigation of accidents, incidents and near misses is carried out in accordance with departmental and corporate policy requirements by Andrew Stockton, the Headteacher.

Any accident, incident or injury involving staff, visitors or contractors is recorded on line via the HCC accident reporting form and recorded in the Accident Report Book held in the school office. A copy of the completed form is then automatically sent to Children's Services Health & Safety Team the person reporting the incident and the manager will receive a request to carry out an investigation and a link to record this on. The purpose and intended outcome of the investigation is to identify the immediate and underlying causes of the accident so as to be able to implement appropriate measures to prevent reoccurrence.

Minor accidents to pupils are to be recorded in the accident book located in the school office.

Accidents involving children locally considered to be of a more serious nature than the minor incidents are recorded on line via the HCC accident reporting form and a CSRF-003 School Accident Internal Report Form is also retained on site.

The more serious accidents that are notifiable to the Health & Safety Executive (HSE) will be notified to the Children's Services Health & Safety Team for them to report. A copy of the form will then be created by CSHST and sent to the HSE.

The responsible manager / headteacher will ensure that the governing body is appropriately informed of all incidents of a serious nature. All accident / incident reports will be monitored by the headteacher and health and safety representatives for trend analysis in order that repetitive causal factors may be identified to prevent reoccurrences.

Premises hirers and community/extended service/third party users must report all incidents related to unsafe premises or equipment to the unit/centre/school/premises staff, who will appropriately report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

Administration of Medicines

Arrangements regarding medicines are set out in the Administration of Medicines Policy.

Asbestos Management

Asbestos management on site is controlled by June Adnitt, the asbestos competent person. The asbestos register as issued by PBRS is located at the school office and is to be shown to all contractors who may need to carry out work on site. Contractors must sign the register as evidence of sighting prior to being permitted to commence any work on site.

The Responsible Manager and the Nominated Responsible Person must complete the asbestos checklist relevant to their role (one for each role) when they are appointed. Copies of these must be retained with the asbestos register.

Any changes to the premises' structure that may affect the asbestos register information will be notified to PBRS in order that the asbestos register may be updated accordingly.

Under no circumstances must staff drill or affix anything to walls that may disturb materials without first checking the register and/or obtaining approval from the competent person.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the responsible manager/headteacher and/or the asbestos competent person who will immediately act to cordon off the affected area and contact the PBRs Asbestos Team for guidance. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building should be immediately stopped from working and immediately reported to the responsible manager/headteacher and/or asbestos competent person.

Community Users/Lettings/Extended Services

The responsible manager/headteacher will ensure that:

- Third parties and other extended service users operate under hire agreements
- A risk assessment for the activity is completed using RATF-047A or RATF-047B
- The premises is safe for use and is always inspected prior to, and after each use
- Means of general access and egress are safe for use by all users
- All provided equipment is safe for use
- Fire escape routes and transit areas are safe and clear of hazards
- Hirers/users are formally made aware of fire safety procedures and equipment

Contractors on Site

It is recommended HCC registered contractors are always to be used for contractual work on the premises. Where non-HCC registered contractors may be required or selected for use then appropriate safe selection procedures are to be used to ascertain competence prior to engaging their services. The departmental CSAF-013 Safe Selection of Contractors Checklist is to be used to determine competence of non-HCC contractors who will require adequate risk assessments to demonstrate their safe working practices for specific work being undertaken.

All contractors must report to the school office / reception where they will be asked to sign the visitors book and asbestos register, and will be issued with a visitor's badge and shown to the appropriate person / location. All contractors must be issued with the local written contractor induction brief that includes all relevant details of fire safety procedures & local safety arrangements.

Host staff are responsible for monitoring work areas and providing appropriate supervision, more so where the contractor's work may directly affect staff and pupils on the premises.

Curriculum Activities

All safety management and risk assessments for curriculum based activities will be carried out under the control of the relevant Heads of Department and subject teachers using the appropriate codes of practice and safe working procedural guidance for Design & Technology, Science, Music, Physical Education & Sport, Art, Swimming and Drama as issued by CLEAPSS, HIAS and Hampshire County Council. Heads of Department and the appropriate subject teachers will be responsible for local risk management and ensuring that maintenance of equipment and premises in their areas of the curriculum are managed safely following the appropriate guidance.

Display Screen Equipment

All users must complete the *display screen equipment e-learning course* every year without exception. All users must carry out periodic workstation assessments using CSAF-001 Workstation Assessment Form. Workstation assessments will be actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

Electrical Equipment

The responsible manager/headteacher will ensure that:

- Only authorised and competent persons are permitted to install or repair equipment
- Where 13-amp sockets are in use, only one plug per socket is permitted
- Equipment is not to be used if found to be defective in any way
- Defective equipment is to be reported & immediately taken out of use until repaired
- All portable electrical equipment will be inspected/tested annually
- Equipment testing/inspection can only be carried out by a competent person.
- The competent person to be used is *Hoopers Electrical Services*
- Private electrical equipment is not to be brought onto the premises or used unless its use is approved by management and it has been tested
- New equipment must be advised to the responsible manager/headteacher in order that it can be added to future PAT testing schedules

Any defective or suspected defective equipment, systems of work, fittings etc must be reported to the caretaker / site manager and attended to as soon as possible.

Emergency Procedures

General emergency evacuation for non-fire related emergencies is to be carried out in accordance with the school emergency evacuation plan. The school has a fire emergency plan for fire related emergencies and an emergency evacuation plan for all non-fire emergencies.

All staff will receive a brief and/or a copy of the emergency evacuation plan at induction, and they will be periodically provided with updated information as the emergency evacuation plan is routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans are to be completed, provided and exercised for any vulnerable persons to be able to ensure safe, assisted evacuation in the event of an emergency incident.

Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The fire safety co-ordinator is the competent person for fire safety on the premises and is the immediate point of contact for all fire safety related enquiries on site.

The responsible manager/headteacher will ensure through the fire safety co-ordinator that:

- All staff complete the mandatory *fire safety induction e-learning course* every year
- Fire safety procedures are readily available for all staff to read
- Fire safety information is provided to all staff at induction and periodically thereafter
- Fire safety notices are posted in the key areas of the building close to the fire points
- Evacuation routes and assembly points are clearly identified
- Staff are aware of their own responsibilities for knowing the location of fire points and fire exits. They should also know the location of the assembly point in the event of fire
- All staff are familiar with the flammable potential of materials and substances that they use and exercise maximum care in their use, especially with those marked *flammable*
- Fire evacuation procedures, fire safety training and fire alarm testing are carried out in accordance with corporate guidance and the premises fire safety manual
- The fire risk assessment is reviewed annually by the fire safety co-ordinator and amended as new hazards or required amendments are identified

First Aid

Arrangements regarding first aid provision are set out in the First Aid Policy. The names and locations of the first aid trained staff on site are listed in the first aid policy and also clearly signposted around the school.

First aid is never to be administered by anyone except first aid trained staff with in-date training certification, operating within the parameters of their training.

General Equipment

All general equipment requiring statutory inspection and/or testing on site (*eg. boilers, hoists, lifting equipment, local exhaust ventilation, PE equipment, climbing apparatus*) will be inspected by appropriate competent contractors as provided by the term contractor under PBRS arrangements, or as locally arranged.

Equipment is not to be used if found to be defective in any way. Defective equipment is to be reported and immediately taken out of use until repairs can be carried out.

Good Housekeeping

Tidiness, cleanliness and efficiency are essential factors in the promotion of good health and safety. The following conditions are to be adhered to at all times:

- All corridors and passageways are kept free from obstruction
- Shelves in storerooms and cupboards are stacked neatly and not overloaded
- Floors are kept clean and dry, and free from slip and trip hazards
- Emergency exits and fire doors are not obstructed in any way
- Supplies are stored safely in their correct locations
- Rubbish and litter are cleaned and removed at the end of each working day
- Poor housekeeping or hygiene conditions are immediately reported

Hazardous Substances

Hazardous substances, materials, chemicals and cleaning liquids are not permitted to be used or brought into use on site unless a documented COSHH assessment has been undertaken by the trained COSHH assessor, and the product has been approved for safe use on site by the responsible manager/headteacher. The premises COSHH assessor acting on behalf of the responsible manager/headteacher is the caretaker / site manager.

When using a harmful substance, whether it is a material, cleaning fluid or chemical substance, staff must ensure that adequate precautions are taken to prevent ill-health in accordance with the COSHH assessment completed for that hazardous substance. Staff must never attempt to use a harmful substance unless adequately trained to do so, and then only when using the safe working practices and protective equipment identified in the COSHH assessment.

All hazardous substances are to be stored in the secure and signed storage when not in use which is in the caretaker's store for this premises. This is to remain locked at all times.

Inspections and Monitoring

Daily monitoring of the premises, through working routines and staff awareness, is expected to identify general safety concerns and issues which should be immediately recorded in the premises defect book and reported to the caretaker / site manager

Routine documented inspections of the premises will be carried out every half term in accordance with the premises monthly inspection schedule. Inspection findings are to be recorded on the locally adapted CSAF-005/CSAF-010(a/b/c) Premises Safety Inspection Checklist.

Defects identified during these routine documented inspections are to be immediately reported to the Headteacher and recorded in the defect book. Any identified high level risks or safety management concerns are to be actioned by the Headteacher in conjunction with the Finance and Resources Committee members.

It is the schools responsibility that the termly H&S web monitoring form is completed is by the headteacher. This monitoring form will focus on different areas each term and is an integral part of the School and CSHST monitoring programmes.

Kitchens

The main kitchen area is only to be used by authorised staff in accordance with the identified safe working procedures. Authority and procedures for local management of the main kitchen is sought from Dawn Farnham (school cook), who will advise in line with HC3s.

Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices.

Legionella Management

Legionella management on site is controlled by the Legionella competent person who will manage and undertake all procedures regarding Legionella in accordance with Children's Services Safety Guidance Procedure SGP 13-07. Records of all related training, flushing, temperature monitoring, cleaning and defects are to be retained for auditing purposes.

Lone Working

Lone working increases the risks to the individual and as such needs to be kept to a minimum (both in terms of the frequency of lone working and the time spent undertaking the activity). To further reduce the risks lone workers should not undertake hazardous tasks whilst working alone, e.g.:

- Working at Height
- Using hazardous equipment/tools (i.e. hedge trimmers)

When lone working is undertaken it must only take place:

- With the Responsible Manager/Headteacher's approval
- And be in accordance with the Corporate Lone Working Procedure where staff have been appropriately categorised and control measures have been identified and put into place.

The lone working arrangements for staff who may undertake lone working on this site are detailed in the staff handbook.

Minibuses

Where a hired minibus is used for the transportation of children, the headteacher is responsible for the operation and maintenance of minibuses in accordance with requirements set out in the HCC corporate Minibus Policy. All minibus drivers must have completed MIDAS training prior to being permitted to drive minibuses.

Moving and Handling

All staff must complete the *moving and handling e-learning course* every year without exception. Staff are not permitted to regularly handle or move unreasonably heavy or awkward items, equipment or children unless they have attended specific moving and handling training and/or have been provided with mechanical aids in order to work safely.

Any significant moving and handling tasks are to be specifically risk assessed in order that training requirements and mechanical aids can be accurately determined to ensure that the task is carried out safely. The caretaker/site manager is expected to undertake regular physical work which would typically include significant moving and handling, so therefore he/she must attend a formal moving and handling course specific to the work requirements.

Off-site Activities

Arrangements regarding off-site activities are managed in accordance with the Outdoor Education Service's procedures and guidance.

Physical Intervention

Arrangements regarding physical intervention are set out in the Physical Intervention Policy.

Provision of Information

The responsible manager/headteacher will ensure that information systems are established so that staff are periodically provided with information regarding safety arrangements on the premises. These systems are detailed in the staff handbook and covered in termly health and safety briefings.

Local health and safety advice is available from the Headteacher / Health and Safety Representative and the Children's Services Health & Safety Team can provide both general and specialist advice.

The *Health and Safety Law* poster is displayed in the school office, food technology room and staff conference room.

Risk Assessment

General risk assessment management will be co-ordinated by the Headteacher in accordance with guidance contained in the Children's Services Safety Guidance Procedure SGP 01-07.

Risk assessments must be undertaken for all areas where a significant risk is identified or a possibility of such risk exists.

The trained risk assessor on site who is the Headteacher will oversee the correct completion of risk assessments as appropriate. Risk assessments will be carried out by those staff with the appropriate knowledge and understanding in each area of work.

All risk assessments and associated control measures are to be approved by the responsible manager/headteacher or their delegated member of staff prior to implementation.

Completed risk assessments are listed in the Risk Register and will be reviewed periodically in accordance with each risk assessment's review date as listed for review in the premises bring-up diary system.

Security

Arrangements regarding security are based on the premises security risk assessment and are set out in the on-site security policy & procedures which include emergency unlock routines.

Smoking

Smoking is not permitted on the premises.

Stress & Wellbeing

Sarisbury CE Junior School is committed to promoting high levels of health and wellbeing and recognises the importance of identifying & reducing workplace stressors.

Stress management through risk assessment and appropriate consultation with staff will be periodically reviewed and acted upon in accordance with the Children's Services' and Health & Safety Executive's Management Standards, guidance and requirements.

On-site arrangements to monitor, consult and reduce stress situations are covered through regular discussions at staff meetings, leadership team meetings and with individuals as appropriate.

Traffic Management

Arrangements regarding on-site traffic safety are based on the premises traffic risk assessment and are set out in the on-site traffic policy and procedures.

Training

Health and safety induction training will be provided and recorded for all new staff/volunteers in accordance with CSAF-017 New Staff Health & Safety Induction Checklist.

The responsible manager/headteacher is responsible for ensuring that all staff/volunteers are provided with adequate information, instruction and training regarding their safety at work. A training needs analysis will be carried out from which a comprehensive health and safety training plan will be developed and maintained to ensure health and safety training is effectively managed for all staff who require it.

All staff will be provided with following as a minimum training provision:

- Induction training regarding all the requirements of this health and safety policy
- Appropriate local training regarding risk assessments and safe working practices
- Updated training and information following any significant health and safety change
- Specific training commensurate to their own role and activities
- Periodic refresher training that will not exceed three yearly intervals
- Appropriate annual e-learning courses to meet HCC mandatory corporate training requirements

Training records are held by the Headteacher who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all staff.

Violent Incidents

Violent, aggressive, threatening or intimidating behaviour towards staff, whether verbal, written, electronic or physical, will not be tolerated at Sarisbury CE Junior School.

Staff must report all such violent and aggressive incidents to ensure that there is an awareness of potential issues and/or injuries, and so as to enable incidents to be appropriately investigated so that reasonable actions may be taken to support those involved and reduce the risk of similar incidents occurring in the future.

Violent incident reporting is completely confidential. Violent and aggressive incidents are to be reported using CSRF-001 Violent Incident Report (VIR) Form in accordance with Children's Services Safety Guidance Procedure SGP18-07.

Visitors

All visitors must initially report to the main reception where they will be provided with the key health, safety and fire safety information to enable them to act appropriately and safely in the event of an incident.

Visitors to the premises will be required to sign the visitors' book and provided with a visitors' badge.

Vulnerable Persons

Where there are vulnerable persons (young, pregnant, those with a disability, those with temporary or permanent medical conditions etc) working or visiting the premises, a risk assessment will be completed and appropriate procedures implemented to ensure their health, safety and welfare whilst on site.

Work at Height

Work at height is always to be undertaken in accordance with the Children's Services Safety Guidance Procedure SGP 23-08. At Sarisbury CE Junior School general work at height will be undertaken in accordance with the on-site generic risk assessment for work at height which identifies general requirements and safe working practices. Specific or higher risk tasks will be carried out in accordance with a specific risk assessment for that task.

The competent person for work at height on the premises who has attended the Caretaker Support Service Ladder & Stepladder Safety half-day course is the caretaker / site manager and he/she is authorised to:

- Use steps, stepladders and leaning ladders in accordance with their training
- Provide step stool instructional training briefs to staff in accordance with SGP 23-08
- Provide stepladder and steps training to staff using the Children's Services *Stepladder & Steps Safety* user training presentation
- Carry out periodic inspections of all on-site ladders, stepladders and podium steps
- Remove access equipment from use if defective or considered inappropriate for use

The competent person for work at height and all other staff are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers and mobile elevated work platforms.

Work at height on the premises is only permitted to take place under the following conditions:

- Any work to be carried out at height must be underpinned by a risk assessment
- Access equipment selected for work at height must be as per the risk assessment
- Any staff working at height must be appropriately trained to use the access equipment
- Staff are not to improvise or use alternative access methods of their own choice
- Use of any furniture, including tables and chairs, is forbidden for any work at height

- Staff may only use step stools if they have received a local instructional training brief
- Staff may only use stepladders if they have received training from the ladder and stepladder competent person
- Staff may only use leaning ladders if they have personally attended the Caretaker Support Service Ladder & Stepladder Safety half-day course within every three years
- Any safety concerns about a work at height task must be raised prior to work starting
- Access equipment used on site such as ladders and stepladders must only be that provided and are never to be lent to, or borrowed from third parties or contractors
- Contractors working at height are to be appropriately supervised and must only use their own access equipment

APPENDICES
