The Pupil Premium at Sarisbury CE Junior School

The Department for Education states:

The Pupil Premium is allocated to children from low-income families who are currently known to be eligible for free school meals (FSM), those looked after by the local authority for more than six months and children of armed service personnel.

The Government believes that the Pupil Premium, which is additional to main school funding, is the best way to address the current underlying inequalities between vulnerable children, including those eligible for free school meals (FSM), and their wealthier peers by ensuring that funding to tackle disadvantage reaches the pupils that need it most.

The Pupil Premium is allocated to schools and is clearly identifiable. It is for schools to decide how the Pupil Premium, allocated to schools per FSM pupil, is spent, since they are best placed to assess what additional provision should be made for the individual pupils within their responsibility.

Schools are free to spend the pupil premium as they see fit. However, they will be held accountable for how they have used the additional funding to support pupils from low-income families. New measures will be included in the performance tables that will capture the achievement of those deprived pupils covered by the pupil premium. Schools are also required to publish online information about how they have used the pupil premium. This will ensure that parents and others are made full aware of the attainment of pupils covered by this funding.

2014 to 2015 Financial Year – Use and impact of the Pupil Premium

In the 2014/15 financial year, Sarisbury CE Junior School received £47,700 pupil premium allocation.

The funding was used to improve outcomes for pupils eligible for free school meals (FSM) or those known to be from low income families.

The table below shows how the pupil premium was allocated by the school and the impact that had on pupil outcomes.

Strategy 1:

An additional three days per week (0.6) qualified teacher time to provide intervention and booster activities in English and Maths for pupils eligible for FSM or vulnerable pupils across the school

Objective:

To ensure that pupils eligible for pupil premium funding make similar points progress as their peers

Approximate Cost:

The current progress profile of pupils accessing pupil premium funding are detailed in the tables above (Year 5, Year 4 and Year 3):

How will we measure the impact of these strategies on children and their achievement?

- What % of pupils in Year 6 accessing the pupil premium are on track age related expectation (ARE) or above?
- What % of pupils in Year 6 accessing the pupil premium are on track for 13pts+ of progress in reading, writing, SP&G and maths? (school's own points measure)
- What % of pupils in Year 5 accessing the pupil premium are on track age related expectation (ARE) or above?
- What % of pupils in Year 5 accessing the pupil premium are on track for 10pts+ of progress in reading, writing and maths?
- What % of pupils in Year 4 accessing the pupil premium are on track age related expectation (ARE) or above?
- What % of pupils in Year 4 accessing the pupil premium are on track for 7pts+ of progress in reading, writing and maths?
- What % of pupils in Year 3 accessing the pupil premium are on track age related expectation (ARE) or above?
- What % of pupils in Year 3 accessing the pupil premium are on track for 3pts+ of progress in reading, writing and maths?
- What impact have the one to one tuition programmes had on children's literacy and numeracy independence and confidence in class?
- How has the provision of residential and extra-curricular activities made available to pupils impacted on their relationships, motivation and confidences in school?
- How does the attendance, aspirations and progress of our vulnerable pupils compare to their peers?
